

— MEDIA ADVISORY —

(October 6, 2006)

(ROSWELL, New Mexico) — In an effort to implement the Pecos Settlement Agreement, the Interstate Stream Commission launched an acquisition program to purchase and take out of production, land and associated water rights in the Lower Pecos River Basin in 2002.

Interstate Stream Commission Director Estevan López, will deliver an update at a news conference in Roswell on how the program is progressing.

Information on how to sign up to participate in the program will also be provided.
