

MEDIA ADVISORY

(May 2, 2008)

The Office of the State Engineer will hold a public meeting to discuss the expansion of the Mimbres River Water Master District on **Monday, May 12 from 5:00 to 7:00 p.m.**

Continuing drought conditions have created a situation where current flows of the Mimbres River are approximately 70% of average flows and are expected to decrease. About 500 people could potentially be affected by this situation. This meeting is an opportunity for the public to become informed about the options available at this time.
