RE: San Augustin Water Coalition Tier-1 application

Hello Craig,

I'm sure you will be swamped with requests to find out about the Evaluation Panel review and ranking of Tier-1 proposals, but as we only have a few days to ask for reconsideration if we were turned down, I thought I'd better be one of those asking! There are now several hydrologists who have volunteered their time to help at both the Tier-1 and Tier-2 levels, so we may be able to turn around a negative decision with their assistance.

Thank you!
Carol Pittman
