**PRE-BASIN WELL OWNER RESPONSE TO NEW MEXICO STATE ENGINEER**  
**MOTION FOR ORDER TO SHOW CAUSE**

*Jose J. ...*  
<<NAME>>, Pro Se, Pre-Basin Well Owner

herein for (his/her/their) response to the State Engineer's Motion for Order to Show Cause why Pre-basin should not be wholesale reduced to 0.7 acre feet, and for their reasons state.

1. The State Engineer's attorneys acting with the authority of the Attorney General have previously promised that if a person registered their pre-basin well that they would be under no threat of having their permitted amount of water reduced in the future. This Motion is in direct contradiction of those promises.
2. The State Engineer has completely failed to identify and provide information as to which wells this would apply to, making it nearly impossible to determine whether or not all

affected persons are even aware of this new deception by the State Engineer's attorneys or whether or not the Attorney General supports the use of his authority in this manner.

3. Prior to granting the Motion it respectfully requested that Court hold a public hearing on this matter and allow testimony of affected individuals.

Respectfully submitted,
