**ORDER GRANTING MOTION TO CORRECT SOURCES OF WATER AND POINTS  
OF DIVERSION, AND CLARIFY PRIORITY DATE FOR WATER RIGHTS SERVED  
BY THE ACEQUIA BARRANCO BLANCO**

**THIS MATTER** is before the Court on the State of New Mexico’s *Motion to Correct Sources of Water and Points of Diversion, and Clarify Priority Date for Water Rights Served by the Acequia Barranco Blanco* (Doc. 10859, September 19, 2016), filed pursuant to the Court’s July 23, 2013, *Procedural Order for Correcting Subfile Errors* (Doc. 7909). Having been fully advised in the premises, with no responses opposing the Motion being filed, the Court finds the State’s Motion well-taken and that it should be **GRANTED**.

**IT IS ORDERED, THEREFORE**, that subfile orders entered in Subfile Nos. 19.1, 19.1-A, 19.1-B, 19.2, 19.3, 19.4, 19.4-A, 19.4-B, 19.4-C, 19.5, 19.6, 19.7, 19.8, 19.9, 19.10,

19.11, 19.12, 19.13, 19.14, 19.16, 19.17, 19.18, 19.19, 19.20, 19.20-A, 19.21, 19.22, 19.23, 19.24, and 6.2<sup>1</sup>, adjudicating irrigation water rights served by the Acequia Barranco Blanco, are hereby corrected as follows to describe all sources of water and points of diversion, and clarify the ditch-wide priority date for said water rights:

Purpose – Irrigation

State Engineer File No: RG-15636 & 0144

Priority: 1864

Point of Diversion:

Groundwater: The Acequia Barranco Blanco is located in the SW ¼ SE ¼ SE ¼ Sec. 7, T. 19 N, R. 9 E., within the Pojoaque Pueblo Grant. The Acequia Barranco Blanco diverts groundwater from Well No. RG-15636 situated at a point located at X:567,821 and Y: 1,777,517, NM State Plane Coordinate System, Central Zone, NAD 1927. This water is then delivered through the ditch for irrigation of subfile tracts.

Surface: The Acequia Barranco Blanco diverts surface water from the Rio Tesuque at a point located in the SW ¼ SE ¼ SE ¼ Sec. 7, T. 19 N, R. 9 E., to supplement groundwater diverted from Well No. RG-15636.

Except as expressly corrected by this Order, all elements of the rights adjudicated under the above-referenced subfiles shall remain as stated in the subfile orders or other orders of this Court.

<sup>1</sup> As explained in the State's Motion, water rights appurtenant to a single tract were inadvertently adjudicated twice in two subfiles: 19.15 and 6.2. The March 14, 1969, Order entered in Subfile No. 19.15 was vacated by Order dated December 18, 2013 (Doc. 8063). Thus, the subfile tract is now referenced in the Court record and shown on the Hydrographic Survey as Subfile No. 6.2 only.
