Ref: Case 6:66-cv-06639—WJ-WPL
Document 10982

TO WHOM IT MAY CONCERN:

I received a notice to appear on November 18, 2016 at 2:00 p.m. at the United States Courthouse, South Federal Place, Santa Fe, New Mexico.

I will not be able to attend this conference, due to I will be the only one in my office on that day.

I do not agree with Aamodt Settlement. I have lived in the Valley of Pojoaque all my life. We live in the country to be able to use our own well. I don't believe if the Settlement is approved, the residences will not be treated fairly! I have attended many meetings and it seems no one is listening to our concerns.

Will there be enough water for everyone to use? When the lines are run to residence's house, what about their septic lines? Who will control the water usage, the four members from the Pueblo and Santa Fe County? What is wrong with that picture! The residences don't have any say on this! Another decision made by the Pueblos. They will be asking us to make a decisions now about keeping our well and being metered or going with the new water system. If we will our home to our children, they will need to go with the new water system and our well will be turned off (that is if we decide to keep our well) That is unfair to our children. We have big decisions to make but many questions that need to be answered.

Thank you for time.

Sincerely,

Judy Salgado
