Dr. Gediminaas Cibas
Rt. 1, Box 184-B
Santa Fe, New Mexico 87501

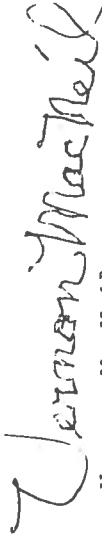

Dear Dr. Cibas:

In response to your request for certification as to when we had the water well drilled on the property on Nambe Road at Rt. 1, Box 184-B, Santa Fe, New Mexico I have checked my records of residence and find that we lived there from July 15, 1952 until November 20, 1952. It was during that time that we drilled the well.

We evidently purchased the unimproved five acres in 1951 and immediately had a native family make sufficient adobes so we could build the initial one-room living unit in our spare time that summer. Then the next summer, 1952, we had it sufficiently finished that we could move down from the Hill and live on site to more efficiently use our spare time in completing the additional rooms.

We continued work on the structure until we sold it to Vig-Stevenson in June of 1956 and we departed for study in Sheffield, England.

Sincerely yours,

Vernon MacNeil
