Subfile No. PM-89224

ORDER ADJUDICATING POST-1982 DOMESTIC WELL WATER RIGHTS

THIS MATTER is before me under the provisions of paragraph IV.A.2 of the Court’s June 14, 2007 *Procedural and Scheduling Order for the Adjudication of Water Rights Under Domestic Wells Permitted After January 13, 1983* (“*Procedural and Scheduling Order*”) (Docket No. 6239) and pursuant to the Court’s December 11, 2006 *Order to Show Cause* (Docket No. 6194) concerning the rights to use the public waters of the Rio Grande Underground Water Basin and the Nambe-Pojoaque-Tesuque stream system of Defendants:

YIWEN JIANG
DAVID S. ROSEN
58C THREE ROCK ROAD
SANTA FE, NM 87506

The Court FINDS:

1. The Court has jurisdiction over the Defendants and the subject matter of this suit.
2. Pursuant to the Court's *Procedural and Scheduling Order*, Plaintiff State of New Mexico served Defendants with a copy of this proposed Order Adjudicating Post-1982 Domestic Well Water Rights ("Domestic Well Order").
3. Plaintiff received an objection to this proposed Domestic Well Order, which objection was subsequently resolved by the Special Master's March 9, 2016 *Order Granting Motion for Summary Judgment on the Claims of Yiwen Jiang and David S. Rosen Under Subfile PM-89224* (No. 10534).
4. There is no just reason to delay entry of this Domestic Well Order as a final judgment as between the Plaintiff State of New Mexico and the Defendants regarding the elements of the claims of the Defendants adjudicated by this Domestic Well Order.

IT IS THEREFORE ORDERED that the right of the Defendants to divert and use the public waters of the Rio Grande Underground Water Basin and the Nambe-Pojoaque-Tesuque stream system is as follows:

Purpose: Domestic use for multiple households pursuant to NMSA §72-12-1 and -1.1

State Engineer File No.: RG-89224

Priority: 04/30/2007

Source of Water: Underground waters of the Rio Grande Underground Water Basin

Point of Diversion: Well No. RG-89224

Location: X=597,997 Y=1,740,036
on the New Mexico State Plane Coordinate System, Central Zone,
1927 N.A.D.

Number of Households Served by Well: Multiple Households

- Place of Use:** Within the property owned by the Defendants served by the well.
- Amount of Water:** Not to exceed a diversion and consumption of 0.5 acre feet per year per household, but in no event may the aggregate use of those households served by the well exceed 2.0 acre feet per year, unless a more restrictive diversion limit applies pursuant to court order, covenant or ordinance. Well will be shared among multiple households pursuant to property covenant or agreement addressing water sharing.
- Metering Requirements:** There shall be a totalizing meter installed on the well, with installation acceptable to State Engineer.
- Other Conditions:** Use shall be limited strictly to household, drinking and sanitary purposes; water shall be conveyed from the well to the place of use in closed conduit and the effluent returned to the underground so that it will not appear on the surface. No irrigation of lawns, gardens, trees or use in any type of pool or pond is authorized. All other conditions of State Engineer Permit No. RG-89224 for the above described well are also incorporated herein.

These water rights are subject to objection by any other water right owner with standing in a later (*inter se*) phase of this adjudication suit when water right owners may object between themselves to individual adjudication orders. The rights are also subject to the entry of the final decree in this case.

IT IS FURTHER ORDERED that the Defendants are enjoined from any diversion or use of the waters of the Nambe-Pojoaque-Tesuque stream system except in accordance with the rights adjudicated in this order or any other order of the Court.

WILLIAM P. JOHNSON
UNITED STATES DISTRICT JUDGE
