STATE ENGINEER OFFICE
SANTA FE, N.M.

To whom ever it concerns:

State Engineers Office:

I, Rodolfo Vigil, El Rancho, claim water rights for my two wells. One hand dug, and one machine drilled.

The hand dug, was dug by my father-in-law long before 1956. It is sixty feet deep, and about six feet in diameter.

The drilled well is 125 feet deep and six inches in diameter. It also was drilled before 1956.

Mr Pat Romero from Nambe, drilled my well, before 1948. I moved to Los Alamos to live there in 1948, and we already had running water in the house when we left.

As Witness Mr. Pat Romero and Mr. Bernardo Roybal sign their names:

Yours truly,
Rodolfo Vigil
