By their signatures appearing below, the State and the Defendant(s) have approved and accepted the elements of Defendant's water rights as set forth below.
3. There is no just reason to delay entry of this Consent Order as a final judgment as between the Plaintiff State of New Mexico and the Defendant(s) regarding the elements of the claims of the Defendant(s) adjudicated by this Consent Order.

IT IS THEREFORE ORDERED that the right of the Defendant(s) to divert and use the public waters of the Rio Grande Underground Water Basin and the Nambe-Pojoaque-Tesuque stream system as follows:

Place of Use: Within the property owned by the Defendant(s) served by the well.

Amount of Water: Not to exceed a diversion and consumption of 0.5 acre feet per year from the well described above unless a more restrictive diversion limit applies

pursuant to court order, covenant or ordinance.

Other Conditions:

Use shall be limited strictly to household, drinking and sanitary purposes; water shall be conveyed from the well to the place of use in closed conduit and the effluent returned to the underground so that it will not appear on the surface. No irrigation of lawns, gardens, trees or use in any type of pool or pond is authorized.
