)	

James A. Heath, a resident of Santa Fe, New Mexico (“James Heath”) and Dos Rios Ranch, LLC, a New Mexico limited liability company (“Dos Rios Ranch, LLC”) (together, sometimes, “James Heath”), hereby submits this amended statement of water rights claim to the water rights appurtenant to a certain 24.5 acres of land, as described in more detail below. As support for his water rights claim, James Heath respectfully states as follows:

1. This amended statement of claim amends the claim originally filed on October 9, 2007, and seeks an adjudication in favor of James Heath for water rights described in Chamita Valley Ditch File No. SP-968, subfile CHCV-004-0004A (the “968-0004A Subfile”), in the Office of the State Engineer, the same being part of the water rights subject to the present adjudication.
2. On May 30, 2003, James Heath, as grantee, from Dos Rios Development, LLC and its manager Chama Investments, Inc., as grantor (separately or together, “Grantor”), obtained fee simple title by a Warranty Deed (the “2003 Deed”) to that certain real property, part

of the Historic Hall Ranch, more particularly described in Exhibit A attached hereto (“Dos Rios Ranch”).

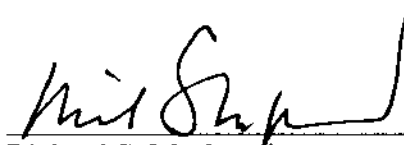

3. At the same time James Heath acquired title to Dos Rios Ranch by the 2003 Deed, he simultaneously acquired from Grantor all right, title and interest in and to 140 acres of surface water, those being all water rights of the Historic Hall Tract as of that date (the “Historic Hall Water Rights”) (together, the “Transaction”). Some of the Historic Hall Water Rights purchased by James Heath were appurtenant to a certain 24.5 acres adjacent to Dos Rios Ranch, the 24.5 acres being described in that certain plat of survey made on or about May 8, 2003 and attached hereto as Exhibit C, and identified by the portion that is cross-hatched.
4. Based on the 2003 Deed and the Transaction, Grantor had all right, title and interest in and to the Historic Hall Water Rights, which included the 24.5 acres at the time of the Transaction, the same having been acquired by Grantor prior to May 30, 2003.
5. James Heath transferred fee simple title and the Historic Hall Water Rights to Dos Rios Ranch, LLC, a New Mexico LLC, by Grant Deed, attached hereto as Exhibit D.
6. The 24.5 acres is displayed on the map attached hereto as Exhibit E. The subfile designation within the 968-0004 Subfile, 004-0004A, suggests that Grantor may purport to own the water rights on the 24.5 acres.
7. The water rights appurtenant to the 24.5 acres were severed therefrom by their transfer to James Heath in the 2003 Deed and in the Transaction, and by Grantor’s failure to reserve water rights in the 2003 Deed or otherwise in the Transaction. To the extent that any of

the Historic Hall Water Rights were held by Grantor at the time of the Transaction, any such water rights are included within this claim.

8. On information and belief, there are no deeds, permits, or licenses that create any water rights superior to this claim by James Heath.

WHEREFORE, James Heath respectfully asks the Court to accept this Amended Statement of Water Rights Claim; to award to James Heath and/or Dos Rios Ranch, LLC, the water rights on the 24.5 acres; and for such other and further relief in law and equity arising from the water rights on the 24.5 acres as he may be entitled to in the premises.

Respectfully submitted this 6th day of March, 2008.
