IN THE UNITED STATES DISTRICT COURT
DISTRICT OF NEW MEXICO

STATE OF NEW MEXICO, on the relation
The State Engineer,

Plaintiff,

v.

Case No. 69cv-07941-BB

Rio Chama Stream System

Section 1 (mainstream)

ROMAN ARAGON, et al,

Defendants.

**Memorandum and offer of assistance to Special Master Vickie
Gabin and a reminder of our intent.**

Reference Doc.9979 ORDER by Chief Judge Bruce D. Black.

Reminder of our intention; Along with the New Mexico Acequia Association, we oppose the adjudication process taking place. We along with all the Acequias, especially with those in existence before New Mexico became a State, should not be adjudicated. Even though you are taking us there and there seems to be no recourse, we will go, but we will scream, kick, scratch and punch as you drag us all the way there. However, if the State is going to assign the Acequia de Chamita a priority date, then it should be the establishment date of the Acequia, August 11, 1598,

We are not persuaded either Your Honor, that publication in a local newspaper is the effective way to serve notice on affected parties. And if it is served on the Acequia Government it should require sign off by the Individual members. Ask now if the current members who will be affected with these proceedings know of the actions being taken, if they have been apprised, and understand all the circumstances, are satisfied of the due process requirement of notice reasonably calculated and have been afforded them an opportunity to present objections. We will now provide a list of the current parcientes of the Acequia de Chamita with map tract and sub-file numbers and if the court requests we can provide addresses of these our members also to assist the Special Master and the Data Manager. This should have been done in 1996.

We agree with the court, not just for the supposed 5 sub-files but for all the current owners of those Water Right sub-files on the Acequia de Chamita, different from 1996.
