IRRIGATION RIGHTS IN

**SECTION 5 OF THE RIO
CHAMA STREAM SYSTEM**
TO ALL CLAIMANTS,
KNOWN AND UNKNOWN,
WHO CLAIM A RIGHT TO
USE THE PUBLIC SURFACE
AND UNDERGROUND WATERS
WITHIN SECTION 5 OF THE
RIO CHAMA STREAM SYSTEM

You are hereby notified that the State of New Mexico has prepared a Proposed Partial Final Judgment and Decree on Surface Water Irrigation Rights in Section 5 of the Rio Chama Stream System ("Proposed Decree") to be filed in the United States District Court. Section 5 includes the watershed of the Rio Gallina, a tributary of the Rio Chama.

If you have water rights in Section 5 that may be affected by any of the provisions of the Proposed Decree, you have the right to file inter se objections and offer evidence to the Court in support of those objections. The Court's previous determination of priority dates and irrigation water requirements, by Order filed April 10, 2008, is binding on all claimants, known and unknown, diverting and using surface water in Section 5.

Persons using surface water in Section 5 cannot object to the determination of priority dates and irrigation water requirements of the surface water irrigation rights described in the Proposed Decree. In addition, persons in Section 5 may not file objections to the previous determination of their own surface water irrigation rights.

Copies of the Proposed Decree with an Addendum that summarizes the water rights adjudicated and decreed therein, and hydrographic survey maps showing the location of all tracts described in the decree, are available for inspection at the Cuba Public Library and the Office of the Rio Arriba County Clerk in Tierra Amarilla and in Esparanza. Copies are also available for inspection at the Federal District Court in Santa Fe and in Albuquerque, at the UNM School of Law, and at the Office of the State Engineer at the following addresses:

-Office of the Clerk

Continued from page C16

(www.ose.state.nm.us).

If you do not wish to object to the determination of water rights of other individuals, as described in the Proposed Decree, you do not need to take any further action. If objections are filed by any persons, you may participate in the proceedings to resolve those objections as described below. If no objections are filed with the Court, you will be bound by the provisions of the Proposed Decree.

If you wish to object, you or your attorney must file an objection with the United States District Court of New Mexico. Objections must be filed in person or by mail to be received by the Court no later than **March 1, 2010**, at the following address:

United States District Court
Clerk

106 South Federal Place
Santa Fe, New Mexico 87501.
Inter se objections must be filed in accordance with the United States District Court of New Mexico Local Rule 5. All objections must have a caption identifying the Case and Case number

(68cv07941-BB). The objection must contain the subfile number of the water right objected to, identify the defendant associated with that water right, provide a brief explanation of the reason for the objection, describe your own water rights in Section 5, and be signed by the person making the objection. Blank forms (entitled "Inter Se Objection to Surface Water Irrigation Rights") that may be used for this purpose will be available to the public with the Proposed Decree at the locations described above.

If you timely file an inter se objection the Court will notify you of a mandatory scheduling and pretrial conference, where you will learn how objections will be heard by the Court. Further procedures for hearing objections to the Proposed Decree will be determined at the conference. This will be your only opportunity to object to the determination of surface water rights described in the Proposed Decree.

If you have water rights in Section 5, you may participate in the proceedings to resolve inter se objections whether or not you file an inter se objection. If inter se objections are timely filed, the State will prepare a report that summarizes all objections and make the report available for public inspection at the locations described above by **April 5, 2010**. Persons that elect to participate in the proceedings to resolve inter se objections must file a notice of intent to participate with the Court no later than **May 17, 2010**. Blank forms (entitled "Notice of Intent to Participate in Inter Se Proceedings") that may be used for this purpose will be available with the report that summarizes inter se objections. **All persons having water rights in Section 5**

will be bound by the outcome of the proceedings to resolve inter se objections.
