Subject: Navajo settlement documents are public

The final draft (we hope) Navajo Settlement documents just went on the OSE Website under Hot Topics. John Whipple will also be sending out hard copies to you on Monday. The Navajo Council is expected to consider the settlement next week. Three days ago the Navajo Natural Resources Committee unanimously endorsed the settlement. If everything goes smoothly, approval of the settlement could be on the ISC agenda for January. It would then go to the Governor and AG for approval and signature. John
