Acknowledgements

The U.S. Bureau of Reclamation Water Conservation Field Services Program provided the majority of the funding for this project. Without their help, this program would not have been possible. In addition, sponsorship funding was also received from The Xeriscape Council of New Mexico.

The Office of the State Engineer would especially like to thank Elsa Taylor for her dedication and commitment to the beginning of this project. Additional research services were provided by Vicki Taylor.

Thanks also to Schultz Communications and Ken Wilson Design for their work to bring this manual to its final form.

Xeriscape Curriculum Advisory Committee

The following individuals served on the Advisory Committee that assisted in the creation and review of this curriculum.

Joe Alderete

WERC
University of New Mexico

Cheri Vogel, Education Specialist
New Mexico Office of the State Engineer
Water Use and Conservation Bureau

Special Thanks

A special thanks to the following people who gave their advice during the production of this curriculum:

- David Allen, U.S. Bureau of Reclamation
- Deb Brown, Natural High, University of New Mexico
- E. Christy, Cedar Crest Elementary
- Liz Gardener, Denver Water

- Amy Gifford, National Gardening Association
- Catherine Hubbard, Education Coordinator, Albuquerque Biological Park
- Mitchell Kurker, National Gardening Association
- Jim Malone, Cedar Crest Elementary
- Beverly Morlock, Menaul Middle School
- Deb Novak, Menaul Middle School
- Eve Pranis, National Gardening Association
- Paige Prescott, Espanola Middle School
- Tara Rogers, Mountain View Elementary
- Robin Russell, New Mexico Xeriscape Council
- Randall D. Schultz, Schultz Communications
- Christy Smith, CH2MHill
- Jon Stewart, Associate Curator of Rio Grande Botanic Garden, Albuquerque Biological Park
- Dana Vackar, State Land Office
- Marci VanderBout, Dexter Lower Middle School
- Brian Wilson, Water Use & Conservation Bureau, New Mexico Office of the State Engineer

Thanks to High Country Gardens and the City of Albuquerque for the use of plant and landscape photographs found throughout this curriculum.

A very special thanks goes to Glyn Starr and her seventh grade students at Truth or Consequences Middle School. The first to pilot the program, Ms. Starr and her students provided invaluable feedback.

Special thanks also to Jonanna Widner for her editing skills, patience, and sense of humor throughout this project.
